WITNESSING THE IMPACT ON THE GROUND

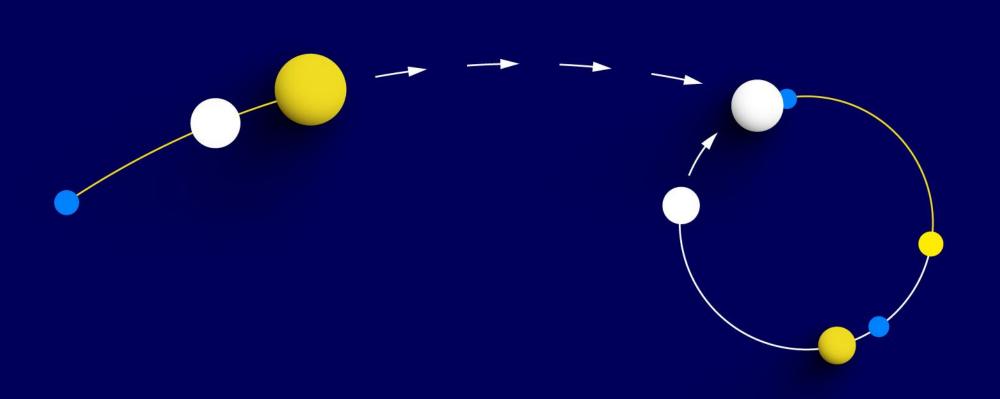

CELEBRATING SUCCESS

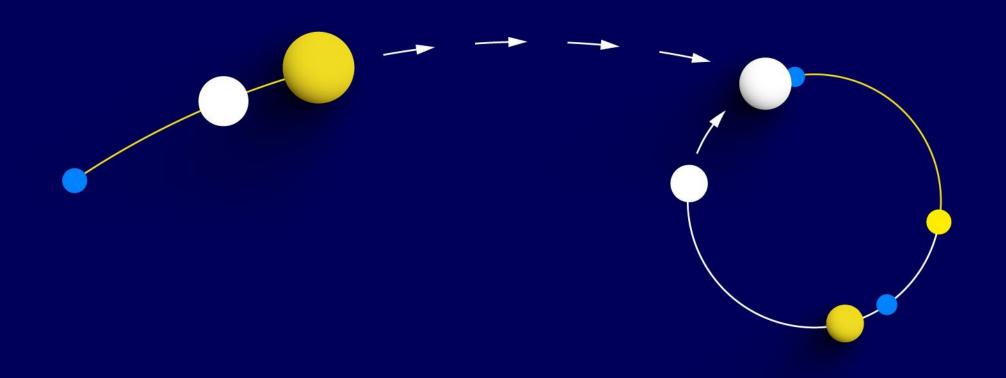

CONNECTING & NETWORKING

"Today we set the course for the next decade, we set the course for the new cohesion programmes, we set the course for recovery, we set the course for a new and greener future. We must focus on how to rise to the challenges, how to maximise investment and how to create stronger and more competitive regions. Financial instruments will play a key role, so this conference could not be more timely."

ELISA FERREIRA

European Commissioner for Cohesion and Reforms

"Financial instruments can ensure that ERDF and Cohesion Funds are used efficiently and effectively to help mobilise the finance needed to achieve the EU's objective to rebuild, post COVID-19 a greener, smarter and more resilient Europe."

LILYANA PAVLOVA

Vice-President, European Investment Bank

FI Campus 2025

Impact on the ground – feedback from practitioners

'We are proud that we could showcase what financial instruments can do to build a better future, and this award truly goes to all involved in the project. We take this as a recognition for all the hard work that has been done and as an encouragement to keep moving forward.

I also want to thank the whole fi-compass community, frankly there is no competition, it's only inspiration and only collaboration among us' – Robert Gürtler, Slovak Investment Holding

'FI Campus gives me inspiration, I like the community building' – Corinne Uppman Helminen, Swedish Agency for Economic and Regional Growth

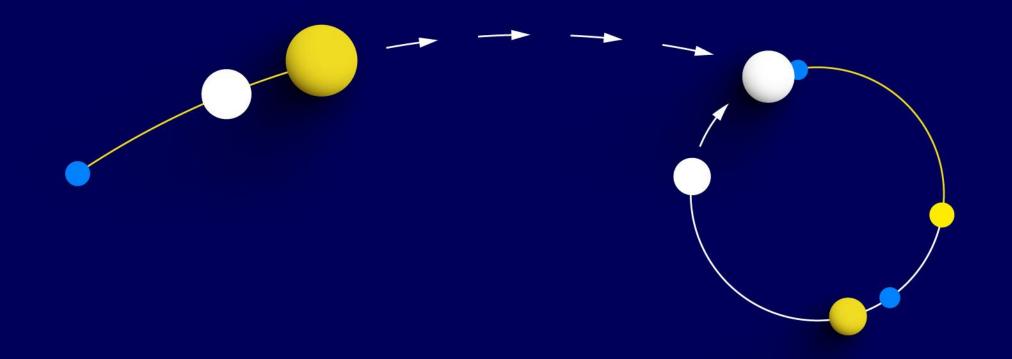

'This event [FI Campus] is really interesting for us as an SME, to understand better the ecosystem, all the actors involved, all the instruments that exist, it was really eye opening for us' — Marie Favillier, New Markets Directors, Take[air], France

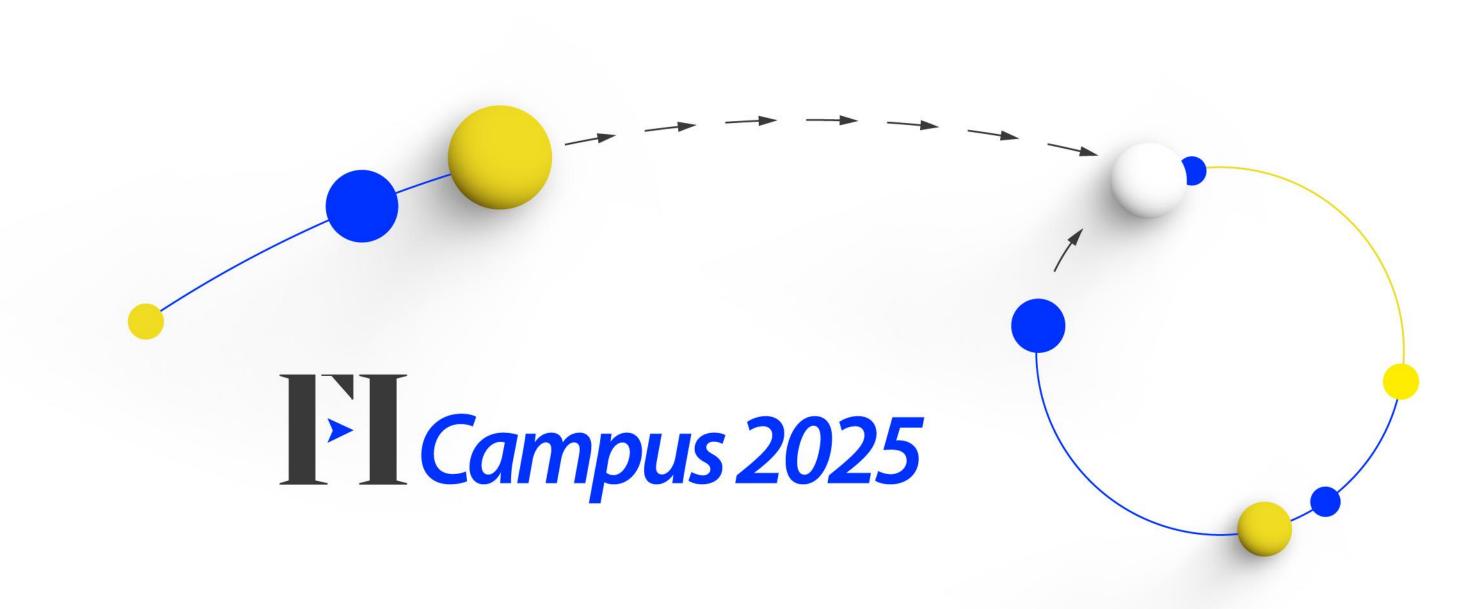

What does fi-compass mean to you?
