

## Verifying eligible expenditure – support is 'to be' used for intended purpose

**Oana Dordain**, Deputy Head of Unit, Financial  
Instruments and International Financial Relations  
Unit, DG REGIO, European Commission

**Dana Greceanu**, DAC, Audit Coordination and  
Methodology, European Commission

# VERIFYING FI ELIGIBILITY RULES

## Key principles

- Same principles as in 14-20: eligibility of final recipients and underlying investments as defined in CPR/National rules/FA/financing contract
- **NEW!** The eligibility of the use for support for intended purposes is prospective (Annex XIII CPR, section II, point 10)
- Checking the eligibility of investments remains the responsibility of the bodies implementing the FIs
- Focus on the documentation collected during the application process ex-ante of the signature of the investment agreement with the final recipient - 'normal banking practice' may vary in relation to the detail of documentation required by the bodies implementing FIs

# SPECIFIC FI ELIGIBILITY RULES

Annex XIII CPR

## Legal requirements

- FI is to be used for **intended purpose**, typically detailed in the loan agreement or business plan or credit risk assessment
  - No verification of invoices but “standard banking practice” to be observed
- **! Avoid gold-plating**
- **Funding Agreement** should clearly set out the structured application process and supporting documentation that will be required to support the FI audit trail

## Observations / Recommendations **with**/without financial impact

### Audit aspects

- Check *“is to be used for its intended purpose”*:
  - Focus mainly on **ex-ante verifications** for the intended purpose
  - **Forward looking evidence** such as funding agreement/ business plan or equivalent, assessment by HF/SF (i.e., investment decision)
  - Understand the “banking practice” and check the **control and monitoring system** of the MA and the body implementing IF
  - Check the **verifications made by the body implementing FI** confirming **ex-ante**, at the moment of the **investment decision**, that the **investment is to be used for its intended purpose**

# CONTINUATION OF FI ACROSS TWO CONSECUTIVE PERIODS

Art. 68(2) CPR

Observations / Recommendations **with**/without financial impact

## Legal requirements

- **Continuation of the existing FIs** from the current period to the next one and/or from post-2020 to the subsequent one under **3 cumulative conditions**: (i) FI continues from previous period; (ii) legal and financial agreements have been made to ensure the continuation; (iii) the eligible expenditure related to one period is declared to the Commission only during that period.
- **Possibility to update existing agreements by end 2023** but ensure the selection conditions are still met

## Audit aspects

- **Verify** the fulfilment of cumulative conditions
- **Verify that the conditions** for direct award are still fulfilled (in case of **direct award**) OR that the rules of the PP directives are respected (in case of **competitive selection**)

Thank you!
